WILLIAMS
JET TENDERS

THE WORLD'S LEADING
JET TENDER SPECIALISTS

Williams are the tenders of choice around the world because they work beautifully. Blending pure pleasure with practicality, getting from ship to shore has never been more stylish. Or more fun.

Push the throttle forward and feel the surge of adrenalin, thanks to the safe, versatile jet propulsion system. One day it's a high-performance ski boat, the next a smooth coastal cruiser. And at the end of every unforgettable day, it'll slip easily back into its garage or onto deck, because all our tenders are designed to work with the world's finest yachts.

THE TENDER OF CHOICE

Many of the world's leading yacht builders recognise the crucial role that a tender plays in their customers' boating experience. So when they need to specify tenders for their boats, they come to us. Our designers get together with their designers, ensuring our tenders work seamlessly with their garage systems. Our shared passion for impeccable standards guarantees that yacht and tender are a perfect match for quality and performance. It's why Williams is the tender of choice for the world's most prestigious yacht builders.

TURBOJET

WILLIAMS

CONTINUOUS INNOVATION

TURBOJET

The original Turbojet was an instant hit. A hardworking utility vehicle that was also great fun. Since then, we've updated that winning formula again and again, upgrading its features and design including modern upholstery, BRP dash and slash cut tube profile. We've also collaborated with one of the world's biggest engine manufacturers, BRP, and our new models now benefit from the BRP Rotax 903 engine.

The latest version has a sports hull for improved stability and a drier ride, and efficient engine for enhanced performance. Drive into the tightest of turns, take on poker-straight water-skiing speed runs, or simply enjoy the smoothest ride from ship to shore. The Turbojet will handle whatever you throw at it.

EVEN MORE TENDER

The Turbojet range is not only extremely versatile, it's packed full of features that deliver a first-class experience. The BRP petrol engine offers better performance and fuel economy, making it perfect for long jaunts up river or around the coastline.

The whole range is available with an optional Raymarine chartplotter to help you get around safely, and every model comes with comfy SeaDek flooring, and a bathing platform, perfect for impromptu midnight swims.

HIGH-PERFORMANCE, FUEL-EFFICIENT
BRP ROTAX ACE 900 ENGINE.

HULL DESIGNED TO BE
SUPREMELY STABLE AT REST,
HIGHLY MANOEUVRABLE IN CONFINED
AREAS AND EXHILARATING AT SPEED.

SAFE, HIGH-TORQUE JET PROPULSION
SYSTEM WITH NO EXPOSED PROPELLER.

OPTIMISED HELM POSITION WITH
EXCELLENT SEATING CAPACITY.

A HOST OF STANDARD FEATURES
INCLUDING DETAILED INSTRUMENTATION,
POWER REDUCTION FEATURE FOR
BEGINNERS, SEADEK DECKS,
SKI EYE AND REMOVABLE TUBES.

CUSTOMISE YOUR TENDER WITH
A RANGE OF COLOUR OPTIONS,
FITTINGS AND ELECTRONIC EQUIPMENT.

TURBOJET 285

A nimble tender that defies its size, the Turbojet 285 is designed to easily fit into the tender garage or bathing platform of most 12 to 16m (39ft to 52ft) yachts. It will take you smoothly to the quayside for supplies or a leisurely bite to eat – but open up the throttle and she'll show you a different side. The sports hull and brand-new BRP Rotax ACE 903 engine come into their own, carving tight circles or going flat out in straight lines for water-skiing bliss.

TURBOJET 325

The iconic Turbojet 325 is designed to get you out and about with maximum fun. You'll feel your smile get bigger, as you take her from standstill to a blistering top speed of 77kph (48mph). The Turbojet 325 isn't just a speed demon though, it will easily accommodate four adults and has storage to keep all your essentials dry. Why not enjoy an afternoon wakeboarding or utilise the tender's minimal draft to explore those hard to reach coves and bays? Thanks to its 40 litre fuel capacity, you can be confident that cruising further afield won't be an issue.
